AAA ACCREDITED

FOR IBM TIVOLI SOFTWARE

The Pirean approach is very different, who else provides such a focused delivery model complemented by such a broad range of capabilities? Who else maintains such a tight focus on the task at hand? Boutique, no -- but focused yes.

Our consulting practices cross business and technology borders; from business change to solution design we're there, working together to build on your experience and deliver solutions which realise your ambition.

Our approach is built on partnership, we look to complement your organisation's smarts with our experience and drive. Whatever the reason for change, we work to underwrite your success through shared commitment and trust.

Pirean are one of IBM's leading Premier Business Partners, having been awarded IBM Tivoli's AAA accreditation for both IT Service and Security management portfolios.

Accolades include the IBM 'Business Partner Innovation Award' and 'Beacon Award Finalist – Outstanding Service Management Tivoli Solution' in 2008 and 2009 respectively.

“TOO MANY TECHNOLOGY PROGRAMS FAIL DUE TO THE WRONG APPROACH, SUCCESSFUL PROGRAMS FOR IT SERVICE AND SECURITY MANAGEMENT AREN'T BUILT ON TECHNICAL SMARTS ALONE. OUR APPROACH IS BASED ON DELIVERY FOCUSED PARTNERSHIPS, AN END-TO-END METHODOLOGY WHICH EMBRACES CHANGE AND TECHNICAL DELIVERY.”

CEO, PIREAN**

BUSINESS CONSULTING SERVICES

Working in partnership to understand your organisation's goals and ambitions, our consulting practices provide the commitment, focus and capability you need to successfully deliver business change.

From strategy consulting to program delivery, we provide the skills and capabilities you need to drive your organization forwards. Complementing program and project management with communications and engagement management ensures you achieve your long-term goals; whether they're driven by compliance, change or performance improvement.

We combine our experience and expertise with your organisational smarts and drive. We work in partnership to deliver insight and a clear path to realising your strategy. We leverage the best parts of both our organisations to underwrite your future success.

TECHNOLOGY CONSULTING SERVICES

Information technology allows us to control, monitor and measure practically everything. Aligned properly, technology adapts quickly and easily, rapidly accelerating your growth and driving performance.

Our technology consulting practices provide the expert experience and skills you need to make the most of your infrastructure. Our approach is value driven, we look to understand what technology does for your business today and how it can be better leveraged going forwards. We look to technology as an organisational enabler, how it maps to your strategy and how it can be best used to underwrite change.

Is everybody asked to do more with less? Yes. But embracing the right approach enables you to capitalise on your infrastructure to support the launch of new services, streamline critical business processes and reduce risk - all while implementing a platform for better and faster service deliver.

About Pirean

Pirean is a leading technology partner and consultancy delivering real-time business and service assurance through solutions for infrastructure and application management.

Working in partnership with Pirean, your business will quickly realise the full potential of your infrastructure. We focus on helping our clients to achieve their business goals and providing them with ongoing support through proven capabilities in:

- Consulting
- Technology
- Outsourcing

We deliver the visibility, control and automation capability that you need from your infrastructure and applications to deliver robust, highly available and streamlined business services while managing risk and compliance.

Our unique blend of consulting services and technical capabilities enable us to help you take a strategic view of your business; where you are, where you want to go and how to better leverage the resources you have to get there.

We deliver expert support for Infrastructure, Service and Security Management platforms using IBM technologies throughout the life of your solution from design and build through delivery and into ongoing performance improvement and support.

Pirean's accolades include the IBM 'Business Partner Innovation Award' (2008) 'Beacon Award Finalist – Outstanding Service Management Tivoli Solution' (2009) and the IBM Tivoli Business Partner Service Management Solution Award (2010).

In March 2010, Pirean was officially recognised by IBM Tivoli Software as the most accredited Tivoli business partner in the world, based on the Tivoli AAA Deployment Accreditation initiative. The company holds 14 of IBM's AAA, AA and A Tivoli Accreditations spanning Security and IT Service delivery. Pirean is the first and only Partner to hold IBM Tivoli AAA status, the highest authorised level, across both IT Service and Security Management.
